

ASK THE ADVISORS

How can we continue serving our communities?

1. Be creative and bold; start new things that you have never before thought of using the human, financial, and technological resources at your disposal.
2. Enhance your leadership and relationships to care for each other.
3. Step in and fill the void left by other organizations that have closed.
4. Work in partnership.
5. Reflect on the vision of the congregation.
6. Listen to God and to listen to your community.
7. Bring hope, comfort, and reconciliation to “those who mourn... and those who hunger and thirst for righteousness...”
